**This weekend features four of your favorite
Choreographers/Instructors bringing you their newest dances!**

Neville Fitzgerald & Julie Harris

Joey Warren

Debbie Rushton

DJ Big Dave Baycroft

And your favorite DJ, Big Dave will be playing the dances you request!

We have moved away from hotel-based events. Your unique Dance Xperience is an all-Intermediate dance event that will take place in one spacious private ballroom, allowing you and your friends to dance and mingle with your instructors. It will be limited to the first 150 dancers who sign up.

We will teach new dances all day with breaks for lunch and dinner. At night, Big Dave wants to play the songs you request. With a smaller group of dancers, requests for open dances can actually be played and we will not play the same songs every night. We will not have games, prizes, raffles or shows, and we won't teach at night because you are telling us you really just want to dance at night.

The Event begins at 7PM on Friday night and continues with new dances being taught through 5PM on Sunday. Please plan to stay all day!

We will soon be publishing a list of local hotels that will be offering attractive rates for dancers. See the website for more info.
